This is an accessibility statement from Enigma Group Ltd

Measures to support accessibility

We take the following measures to ensure accessibility:

- Include accessibility throughout our internal policies.
- Integrate accessibility into our procurement practices.
- Provide continual accessibility training for our staff.
- Assign clear accessibility goals and responsibilities.

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. We are fully conformant with WCAG 2.0 level AA. Fully conformant means that the content fully conforms to the accessibility standard without any exceptions.

Additional accessibility considerations

Although our goal is WCAG 2.1 Level AA conformance, we have also applied some Level AAA Success Criteria:

Images of text are only used for decorative purposes.

Re-authentication after a session expires does not cause loss of data.
